Introduction

The Polytechnic Early Admissions Exercise (Poly EAE) is an aptitude-based admissions exercise that allows students to apply for and receive conditional offers for admission to polytechnics prior to receiving their final grades. It allows the polytechnics greater flexibility to select and admit students based on their aptitudes and interests, apart from academic grades, thus allowing a wider range of talents to be recognised.

Poly EAE is open to graduating O-Level students and final-year *Nitec* and *Higher Nitec* students from the Institute of Technical Education. Polytechnics can admit up to 15.0% of their total polytechnic intake via Poly EAE.

All five polytechnics participate in Poly EAE:

- Nanyang Polytechnic
- Ngee Ann Polytechnic
- Republic Polytechnic
- Singapore Polytechnic
- Temasek Polytechnic

https://eae.polytechnic.edu.sg/eaeStudIns/app_menu.jsp

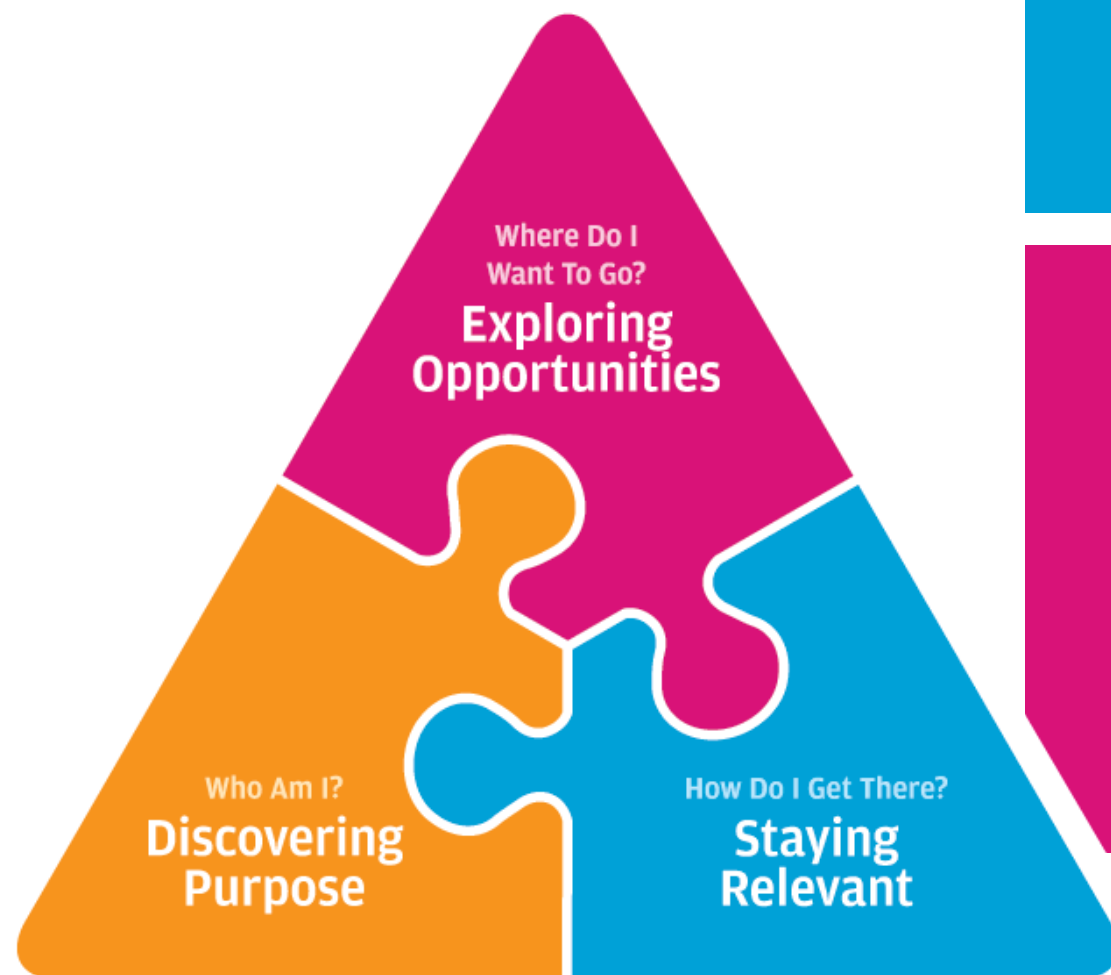

The screenshot shows the ITE website's navigation menu with 'FULL-TIME COURSES' selected. A dropdown menu is visible with options: FULL-TIME TRAINEESHIP, FULL-TIME ADMISSION, ACADEMIC MATTERS, and LEARNING ACCESSIBILITY. The breadcrumb trail reads 'FULL-TIME COURSES > ADMISSION > ITE EAE'. The main heading is 'ITE Early Admissions Exercise (EAE)' with links for 'Introduction', 'Entry Requirements', 'How To Apply', and 'FAQ'. The 'Introduction' section describes the EAE/EAEP as an aptitude-based exercise for GCE 'N' and 'O' school leavers and Nitec progression students. It states that ITE EAE/EAEP allows students to apply and receive conditional offers based on aptitude and interest, rather than just academic grades. It also notes that ITE can admit up to 15% of its annual intake through ITE EAE full-time courses, particularly in fields like Nursing, community care, and information technology.

What new skills, knowledge have you learnt?

Connect & Conclude

What does it tell you about your VIPS?
What new things about yourself have you learned?

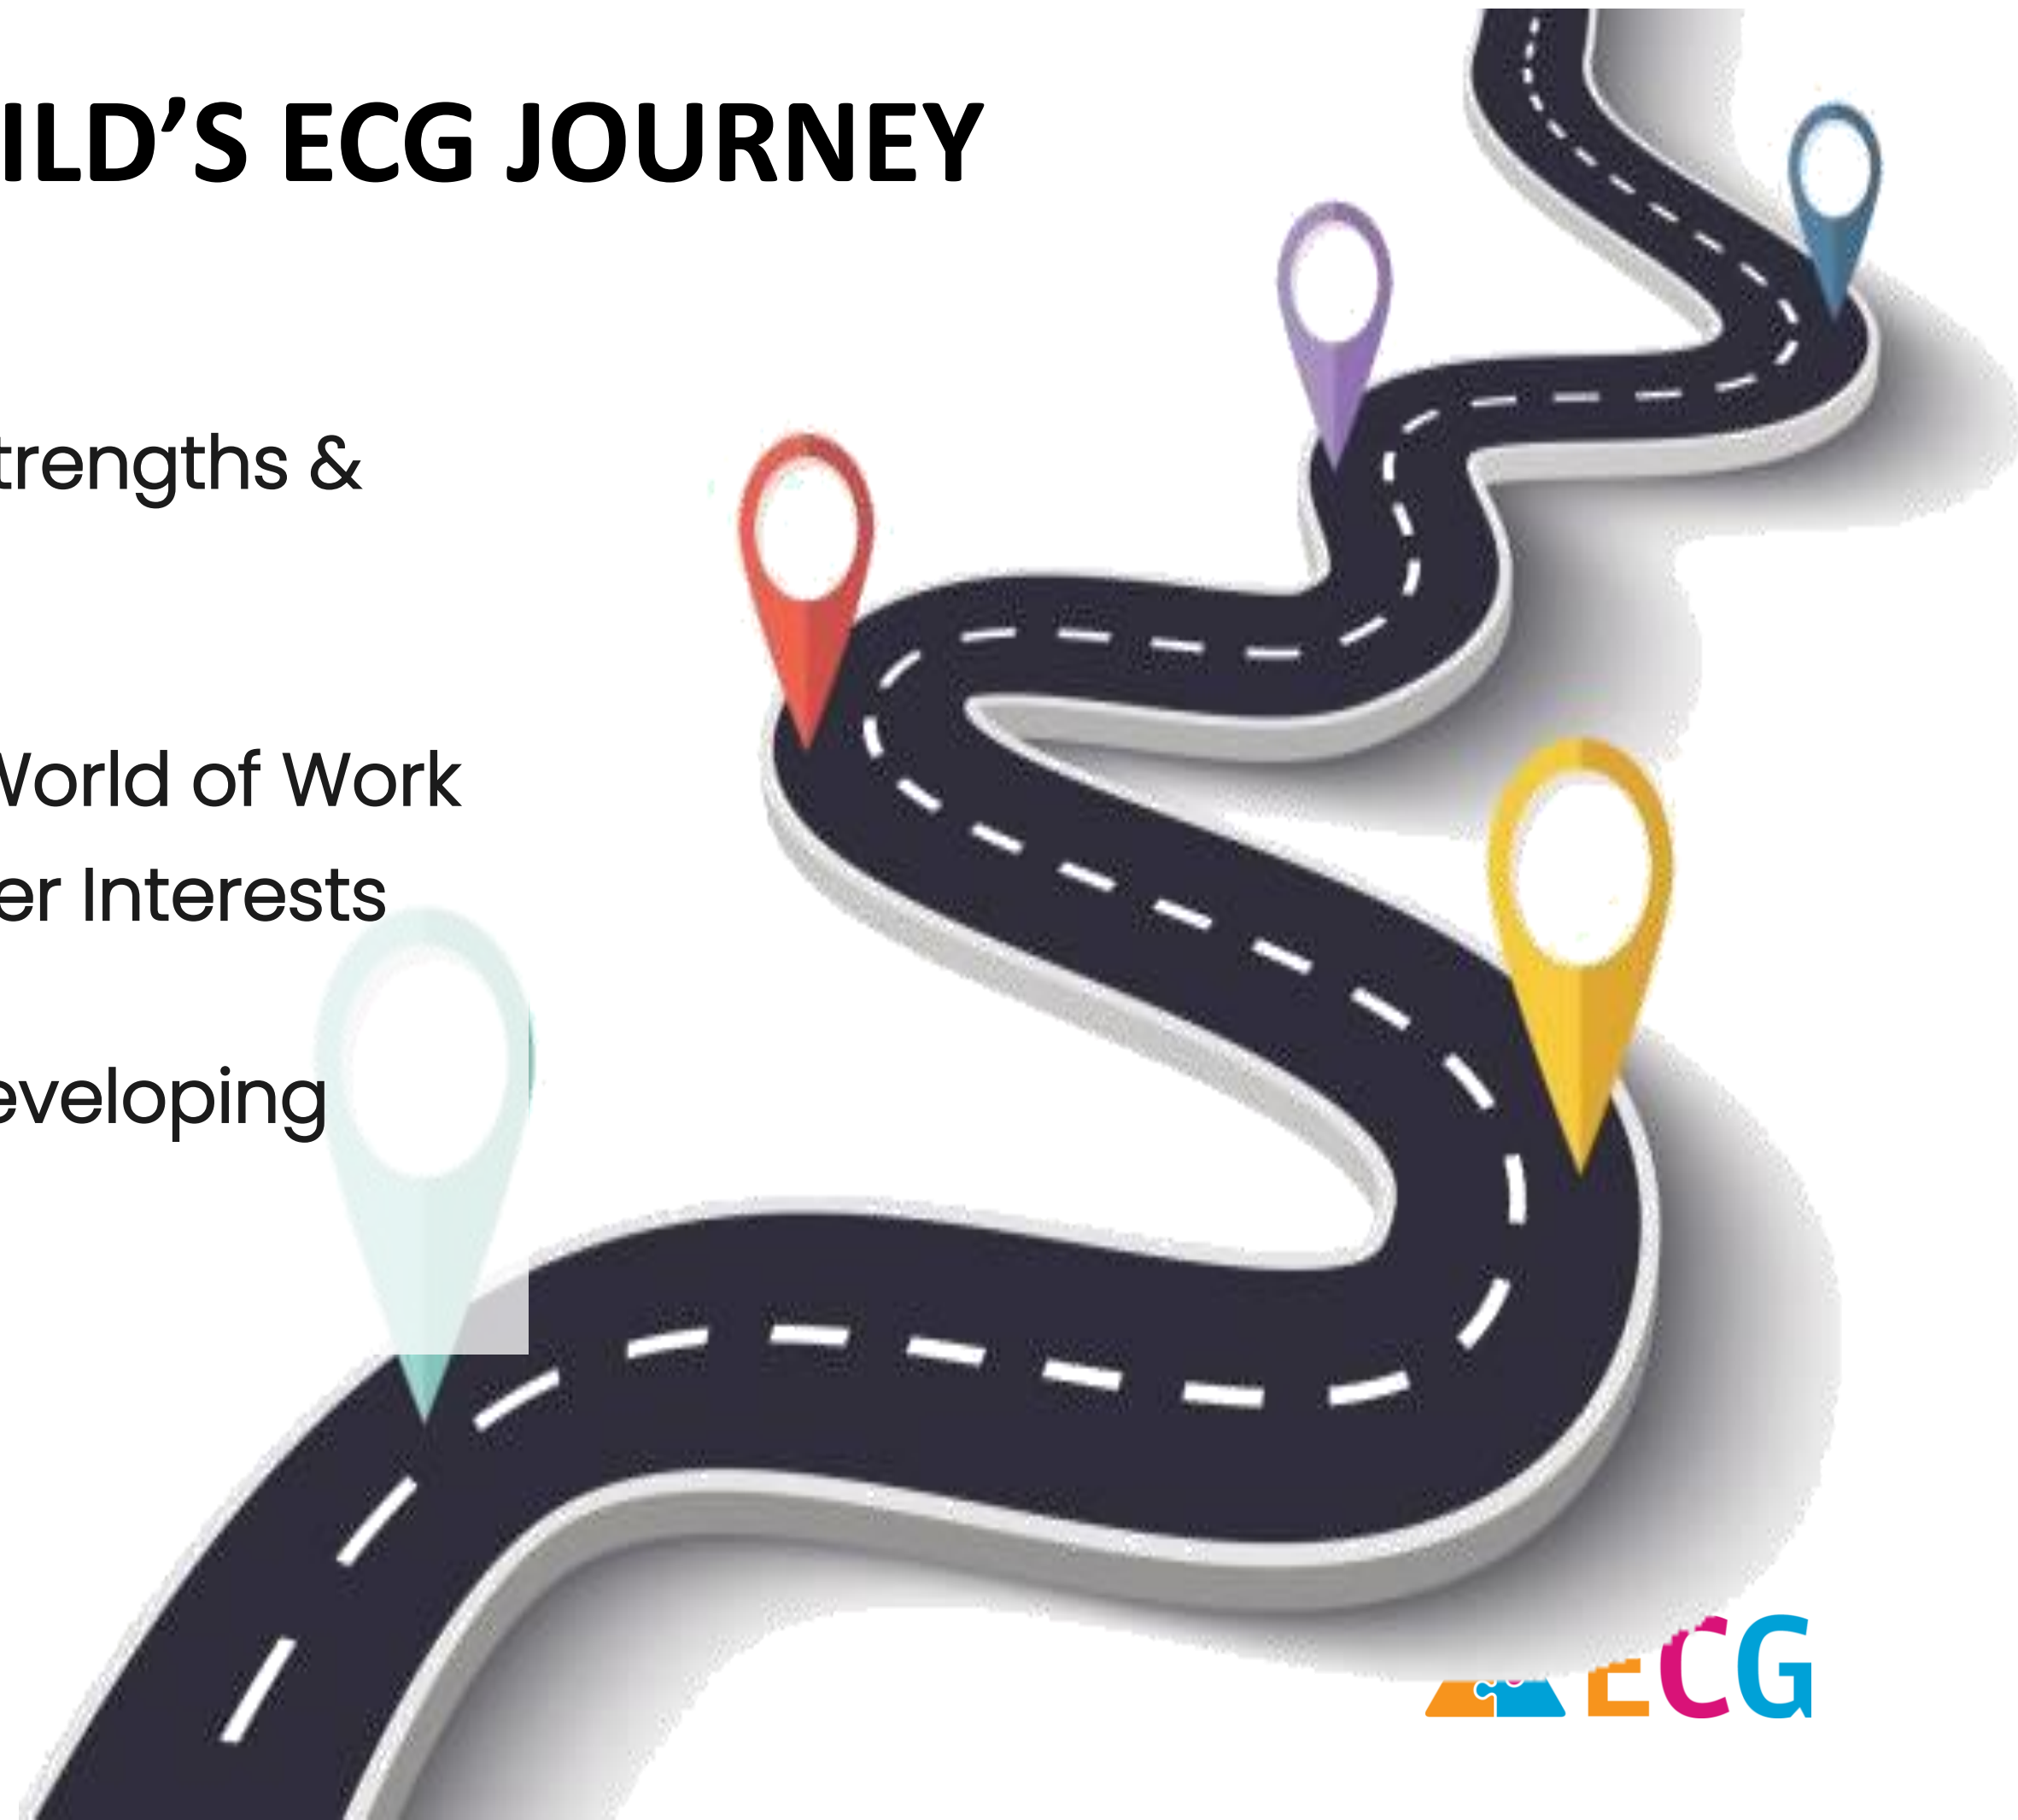

**What can you do to
support your child?**

SUPPORTING YOUR CHILD'S ECG JOURNEY

1. Show Love and Concern
2. Observe Your Children's Strengths & Interests
3. Listen to Your Children
4. Provide a Window to the World of Work
5. Support Your Child's Career Interests and Aspirations
6. Instil the Importance of Developing Transferable Skills
7. Model Lifelong Learning

Support our children's education and career journey by:

- recognising that our **children are unique** and providing opportunities at home for them to **discover their strengths and interests**, and what they enjoy doing;

- **being aware of the various education pathways available** and how they cater to the strengths and interests of our children;

- guiding our children to **set targets in working towards their goals** and helping them **develop resilience** by encouraging them to see mistakes and failures as opportunities for growth.

What if your children say, “I don’t know?”

Start from what we do know 😊

Tips and Considerations:

- **Provide space and time** for conversations.
- Be intentional in inviting and **building their sense of safety to share** (e.g. through open-ended questions).
- **Observe and understand your children's strengths and interests;** Spark their enthusiasm and curiosity.
- **Affirm** your children.

Example

- *“It’s okay not to know what you think your interest is. How about imagining with me – if you could spend tomorrow just doing one thing, what would it be?”*
- *I see that you just want to watch videos! What kind of videos do you watch?*
- *I wonder about the people who create videos and how they got there. What do you think?*

Suggested Activities

- **Encourage your children to explore the profiling tools** on the MySkillsFuture Student Portal (Secondary).
- **Encourage your children to speak with their teachers, as well as ECG Counsellors, alumni and industry professionals**
- **Plan activities** for your children to **discover** their values, interests, personality, skills, and strengths.

Discovering Purpose

Exploring Opportunities

Staying Relevant

My Child

Suggested Activities

Questions for your child's reflection:

- *What are my interests, abilities and passion?*
- *How would they affect my education and career choices?*
- *Which industries and occupations would I like to explore?*
- *What are my education and career goals?*

Discovering Purpose

Exploring Opportunities

Staying Relevant

My Child

Suggested Activities

- **Research on post-secondary education institutions together** with your children using the MySkillsFuture Student Portal (Secondary) or SchoolFinder/ CourseFinder.
- **Assist your children in identifying projects** that they can embark on as part of portfolio building for their next education journey.
- **Support your children's participation** in community service, learning journeys and education and career fairs.

Suggested Activities

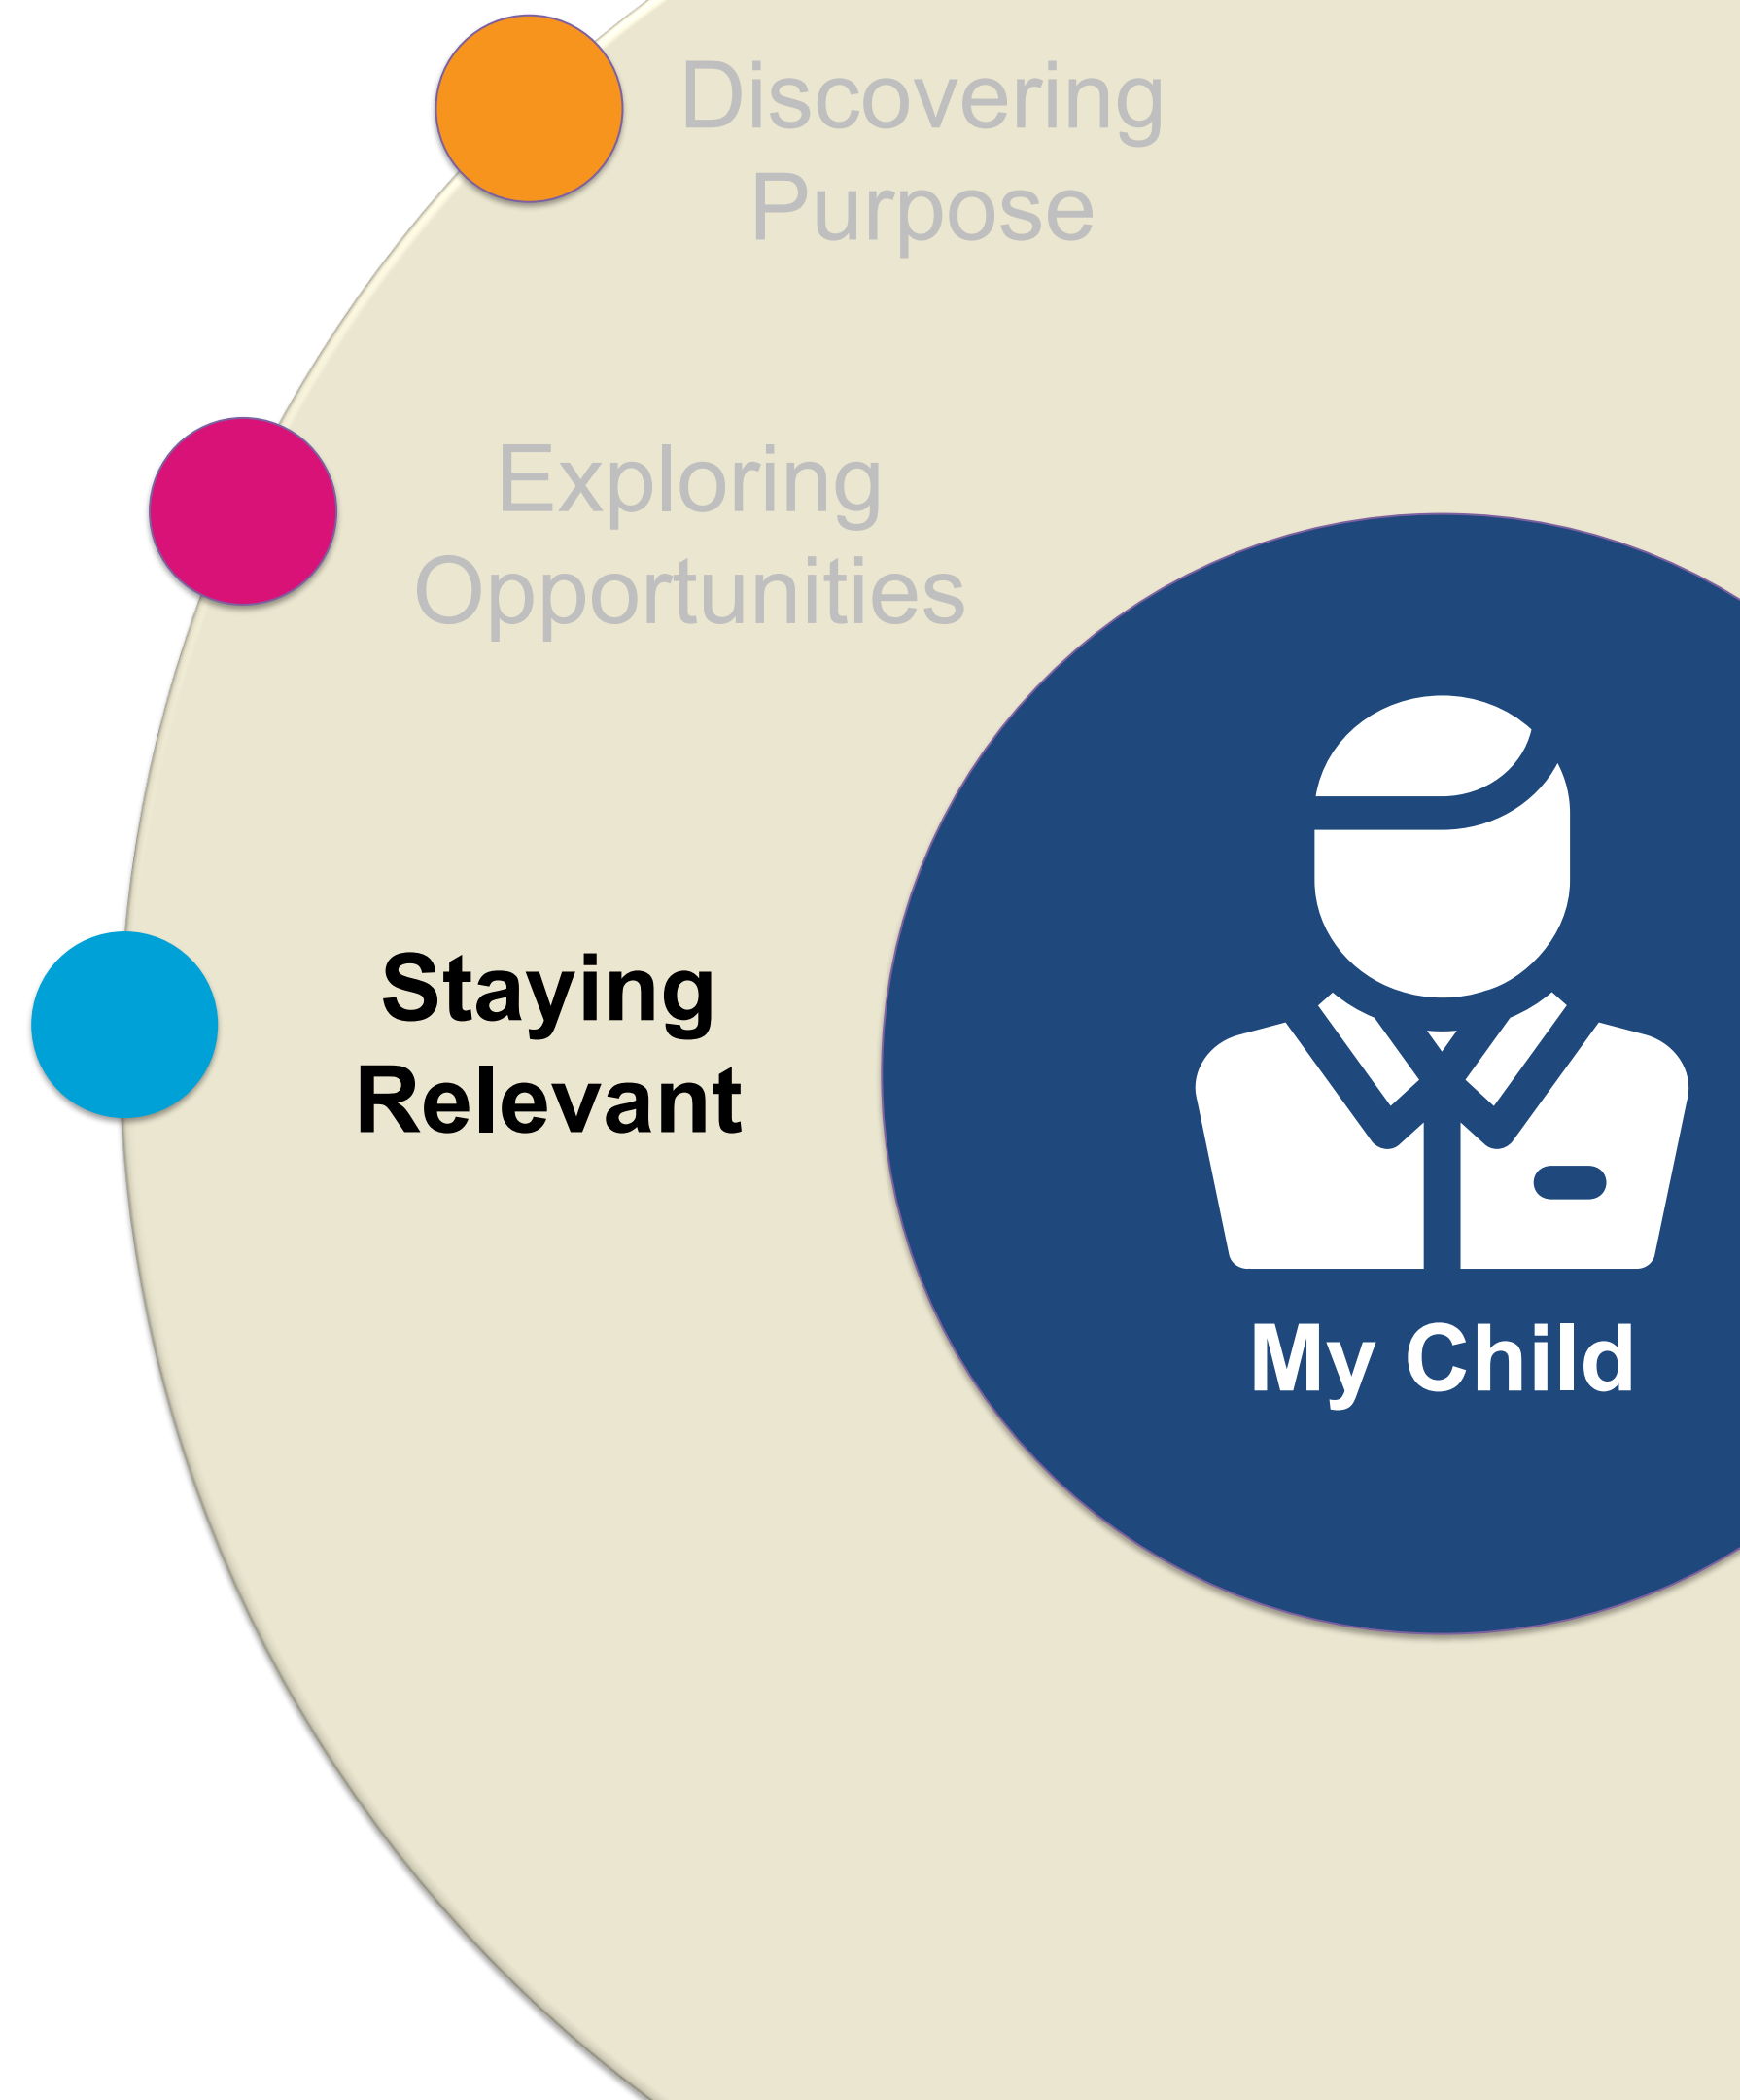

Questions for your child's reflection:

- *What are the education opportunities available?*
- *What types of education institutions are suitable for me?*
- *Are the learning programmes offered by the institutions able to nurture my interests, abilities and passion?*
- *Which industry do I want to work in in the future?*

Suggested Activities

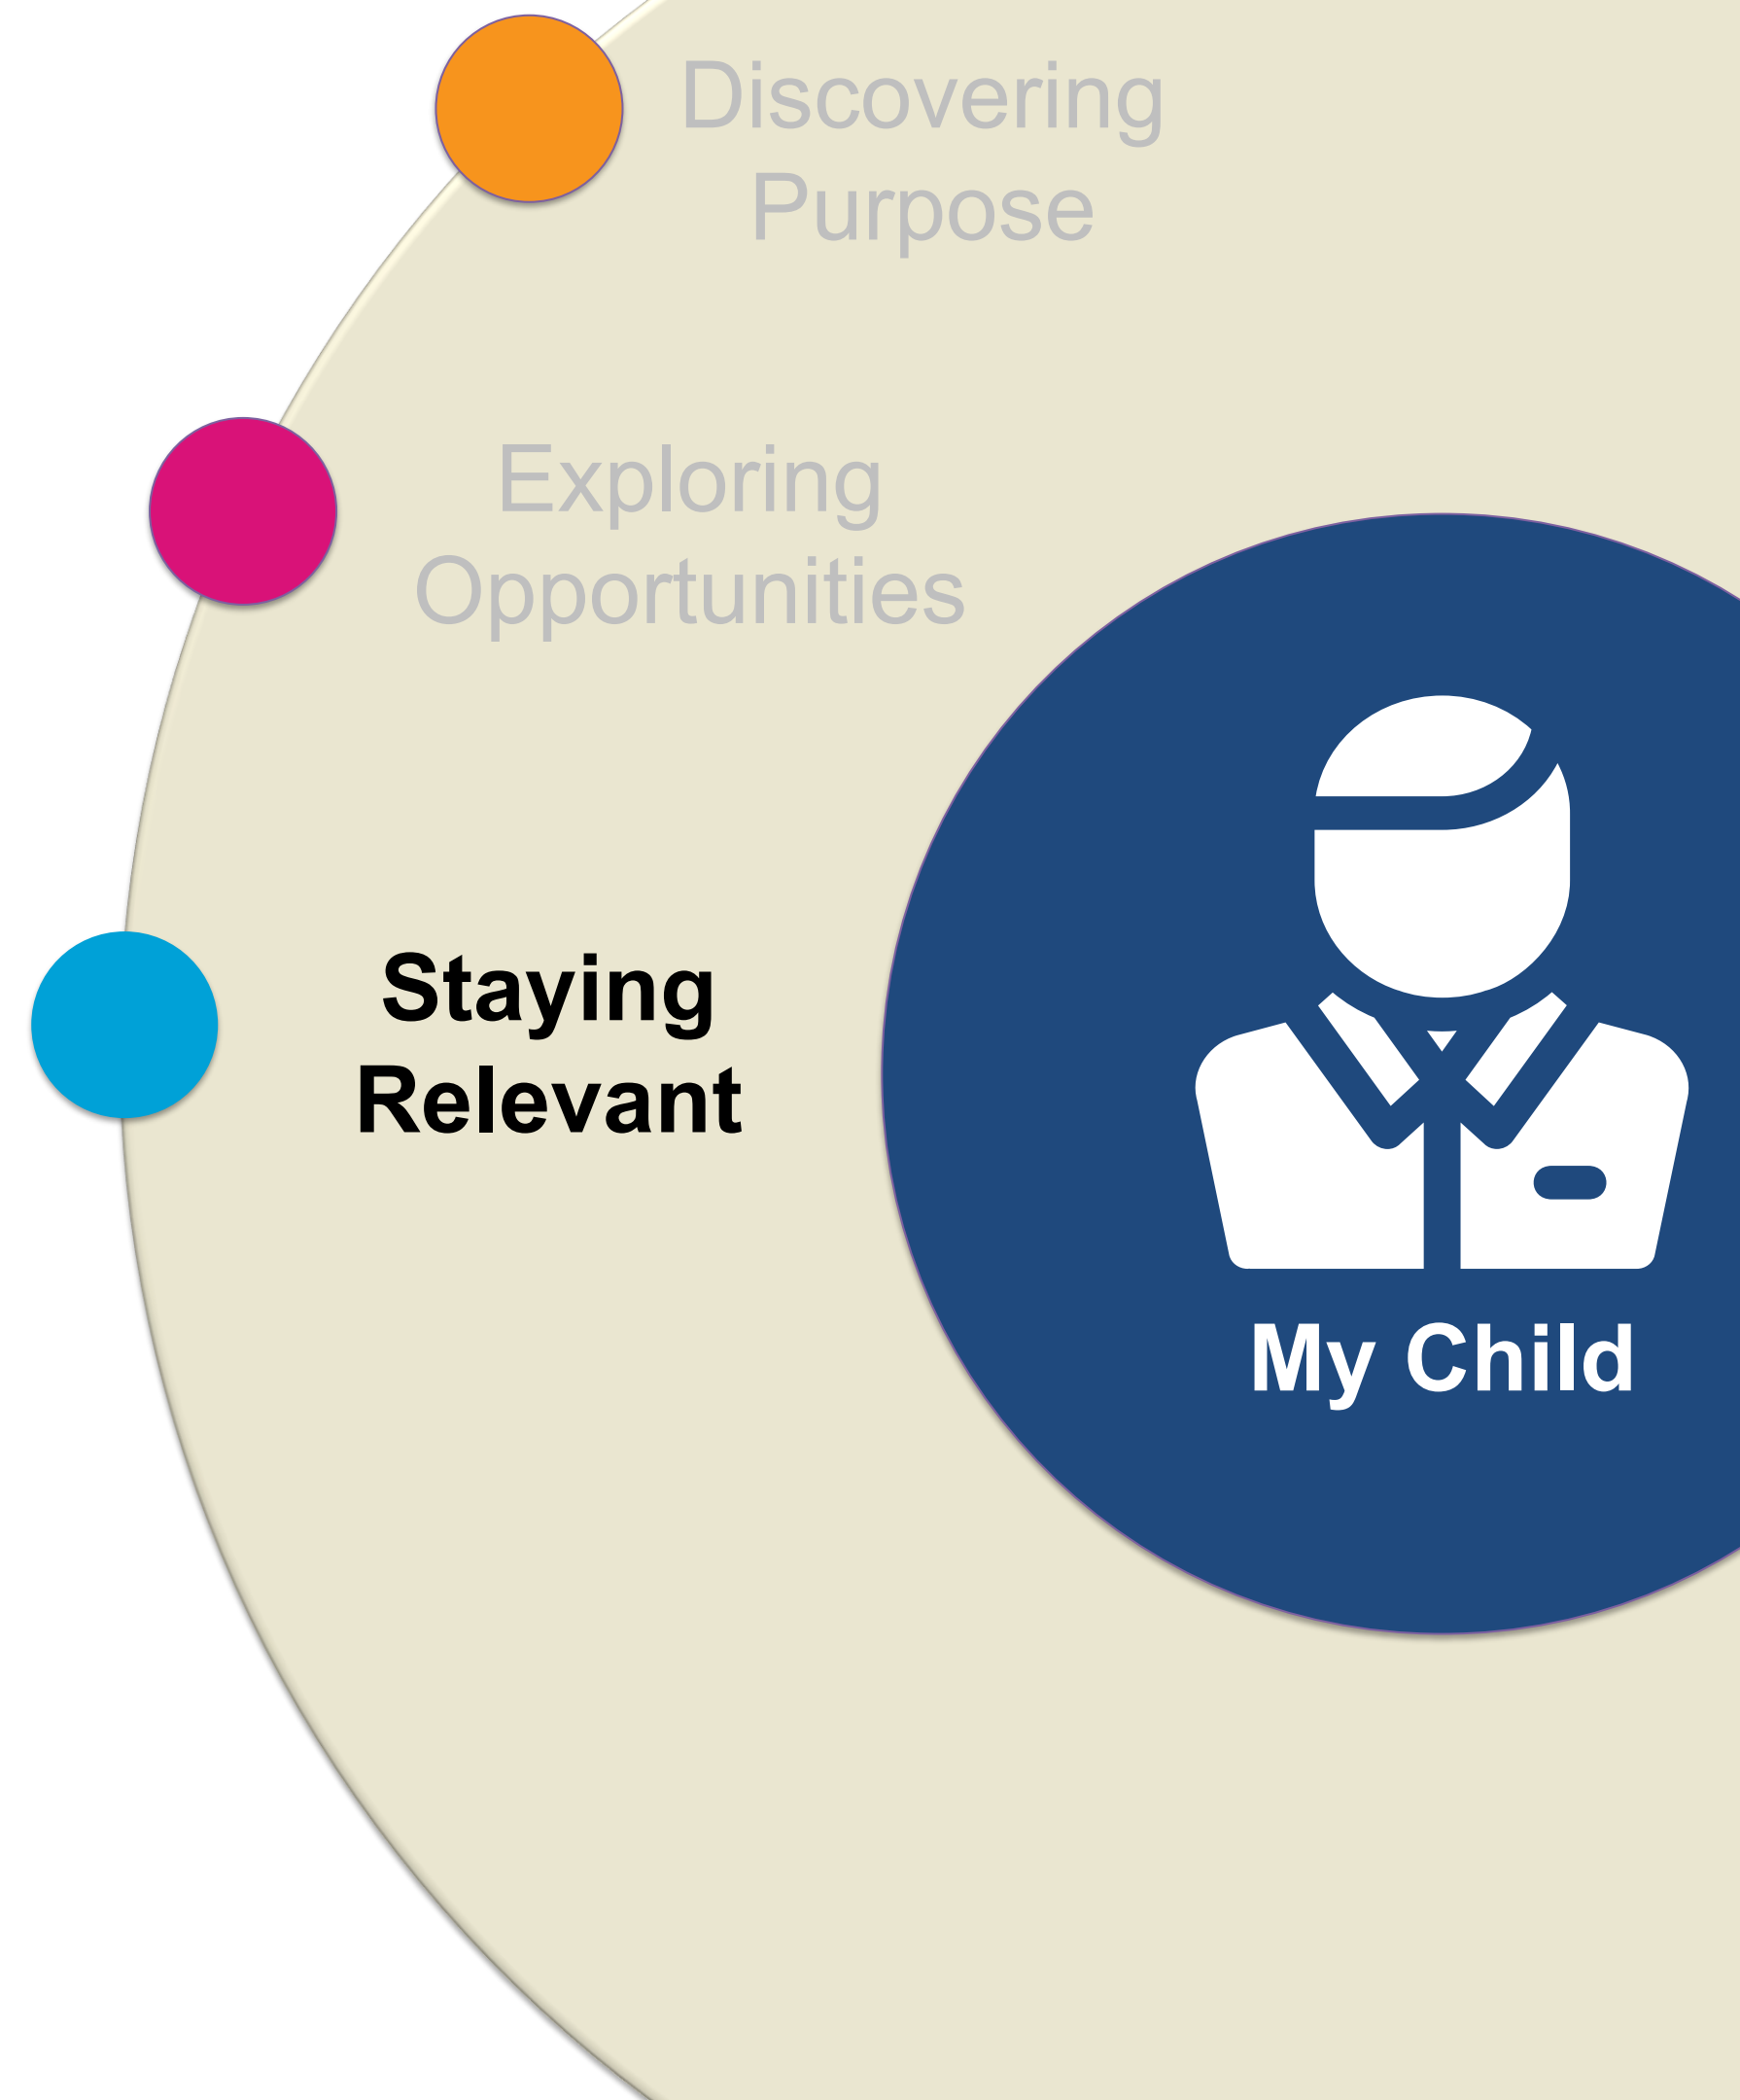

- **Share your lifelong learning journey with your children**, encouraging them to **set and review self-developmental goals**, and document their learning experiences and reflection.
- **Stay updated on ECG events** through the school. **Encourage them to connect and learn from industry professionals** at career fairs and other events.
- Encourage your children to **find out more about the school programmes and resources available** that will allow them to develop skills and learn continually.

Suggested Activities

Questions for your child's reflection:

- *How can I find out more about the education and career options that I have in mind?*
 - *Visit Open Houses and Education Fairs*
 - *Visit websites of organisations you might be interested in*
 - *Engage in part-time or contract job opportunities, or voluntary experiences*

How can you better engage and support your children?

Guide your children to be open-minded, explore possibilities and understand that **there are pathways to purposeful work for everyone.**

Help them to **appreciate** and be **respectful towards all jobs.**

Help them **not to limit** themselves to certain education and career options **by gender or prestige stereotypes.**

Create opportunities for them to interact with peers from diverse backgrounds. Through these opportunities, students can embrace lifelong learning by continually developing their interests, skills and **create their own success stories.**

At the top, there is a navigation bar with links for 'SchoolFinder', 'CourseFinder', 'Academic calendar', 'Self-help tools', and 'My shortlisted (0)'. Below this is the Ministry of Education Singapore logo and a secondary navigation bar with links for 'Education Levels', 'Financial matters', 'Education in SG', 'News', 'Careers', and 'About'. The main heading is 'Post-secondary', followed by a descriptive paragraph: 'Post-secondary education comprises the paths you can take after you complete your secondary education. Learn about the choices available for you to pursue your next steps based on your interests and strengths.' To the right of this text is a large QR code. Below the QR code is a section titled 'Get started on your pathway options' with the subtext 'Not sure where to begin? Use our checker to find pathway options that meet your interests and strengths.' This section contains a form with two dropdown menus: 'I am' with 'select profile' and 'and I want to' with 'select intention'. A blue button labeled 'SHOW MY PATHWAYS' is positioned below the form. At the bottom of the page, there are two boxes: one for 'SINGAPORE STUDENT LEARNING SPACE (SLS)' with an icon of a school building and the text 'Students can access learning resources at their own convenience and is available to all students ranging from primary to pre-university level.', and another for 'WHAT'S ON' with the text 'There are no upcoming events.'
